

As mentioned, no expenses spared with the maintenance of this truck. Major work was done by Slee Off-Road, MainLine Overland in PA, State Automotive in Salt Lake City (the shop that Cruiser Outfitters works with, given they don't do installs anymore) and OLC 4x4 Chief Mechanic Bill Lee (which performed the last major maintenance).

I have all the paperwork from maintenance done by previous owners and myself.

***** The maintenance logs below are a copy & paste from the previous owner's sale ads (from 2014 to 2018 and 151k to 188k miles) *****
